As Senate Majority Leader, I have to work on issues that affect all of our residents across the state. However, helping you is still my top priority.

This new stop sign will reduce the number of speeding cars in the neighborhood, improve the quality of life in the area and increase our students' safety near Rowayton Elementary School.

**MAKING OUR ROADS SAFER**

3-Way Stop Sign for Highland Avenue & McKinley Street

After a lot of advocacy, the Connecticut Department of Transportation will install **a 3-way stop sign at the corner of Highland Avenue and McKinley Street to significantly enhance safety** in the neighborhood.

The new stop sign will complement previous measures I supported to improve local traffic conditions, such as prohibiting commercial trucks from using Route 136 as a thruway.

I want to thank the neighborhood residents for their strong support in pursuit of safer streets.
