Standing With the Community to Defend Our Hospital

Day Kimball Hospital is vital to our region, both as a health care provider and a major employer. It is also one of the few remaining independently owned hospitals in our state.

When a unilateral cut to hospitals was proposed in September, I immediately denounced the cuts and called for a reversal of that plan. Rep. Danny Rovero, Rep. Christine (Rosati) Randall and I made the case that our hospital is unique.

Our delegation continued fighting for additional funding for Day Kimball throughout the fall, including the December Special Session. Overall we successfully secured \$4.4 million for the hospital.

I want to sincerely thank the hundreds of northeastern Connecticut residents who contacted me and advocated so strongly on behalf of our hospital. Your voices were critical in this process.

“Day Kimball is deeply appreciative of the efforts by our legislators. These dollars are vital to the ongoing care that this hospital provides in northeastern Connecticut.”
