Marilyn Moore

Restored Funding to Our Hospitals

Bridgeport Hospital and St. Vincent's Medical Center are vital regional **health care providers, employers and bioscience incubators.**

When hospital funding was cut in September, I immediately denounced the cuts and called for a reversal of that plan. I made the case that our hospitals are critical to our region.

Throughout the fall, during the December Special Session and again this March, I fought for funding for both Bridgeport Hospital and St. Vincent's.

Overall, we have successfully secured an additional \$16.5 million combined that the two hospitals count on and deserve.
